

# CircTRAK<sup>rf</sup> Inventory Wand

CircTRAK<sup>rf</sup>'s portable inventory wand is an ergonomically enhanced tool that interfaces wirelessly with your choice of support PC configurations.

The inventory wand is an elegant yet powerful solution that streamlines the inventory process, allowing full control of search parameters.

Define a search with just a few clicks.

- Full Inventory Searches
- Full Standard ILS Searches
- Single Parameter Searches (Security Checks)
- Shelf order searches, with theft-bit check

## Mobile Check-In

Connect to a CircIT (4.0+) machine to check in items

## Combine Search Parameters

Mix or exclude any ILS search parameter in any order.

## Customize Search Parameters

Click on the desired parameters singly or in a group, press Enter, and the search completes as defined.

## Expansible Search Criteria

As ILS development adds new search parameters, CircTRAK<sup>rf</sup> can easily add them too, and then combine with existing search parameters.
