

CIRCTRAK^{RF} HAND HELD INVENTORY WANDS

CircTRAK^{RF}'s portable inventory wand is an ergonomically enhanced tool that interfaces wirelessly with the world's smallest full feature PC.

An elegant yet powerful solution that streamlines the inventory process, allowing full control of search parameters.

Define a search with just a few clicks:

- Full Inventory Searches
- Full Standard ILS searches
- Single parameter searches, like Security Checks

COMBINE ANY SEARCH PARAMETERS

Mix or exclude any ILS search parameter in any order.

CUSTOMIZE ANY SEARCH PARAMETERS

Click on the desired parameters singly or in a group, press enter, and the search completes as defined.

EXPANSIBLE SEARCH CRITERIA

As ILS development adds new search parameters, the CircTrak System can easily add them too, then combine with existing search parameters.
