

# quick sort

Tech Logic's QuickSort line of affordable Automated Sorting Technologies (AST) systems is designed for smaller libraries or branch locations that want to utilize automated sorting, while satisfying limited budgetary requirements. QuickSort provides a reliable and economical solution that can be easily installed and maintained while providing the performance, innovation, quality, and service that are synonymous with Tech Logic.

## Fast and Easy Patron Check-In

Whether RFID or barcode, the QuickSort system quickly checks in returned items and allow patrons to immediately check out new items. With the optional Patron Receipt Printer, the patron can easily print out a receipt for their records.

## Reliable and Serviceable

QuickSort is designed to be quickly and easily serviced without special tools, and minimal training. Getting materials back into circulation quickly, efficiently, and carefully is the goal with any Tech Logic AST system. Tech Logic's QuickSort sorts materials rapidly while handling items gently, ensuring that the library materials are back in circulation quickly and maintain a long shelf life.

## Easy Receipt Printer Access

The QuickSort paper roll is 10 inches in diameter. Replacement is simple, as the entire printer slides back for easy access.
